UpFront

121 Upfront July 2012
A V Emmanuel

Opinion

122 Should patients expect their colonoscopy to reach the standards experienced by bowel cancer screening patients?
M R Banks

Endoscopy

124 Scope to improve: a multi-centre audit of 16 064 colonoscopies looking at caecal intubation rates, over a 2-year period
A M Verma, N McGrath, P Bennett, J de Caestecker, A Dixon, J Eaden, P Wurm, A Chilton

Colorectal

130 Patient satisfaction with the colonoscopy procedure: endoscopists overestimate the importance of adverse physical symptoms
M J Denters, M Deutekom, B Derkx, P M Bossuyt, P Fockens, E Dekker

137 A dedicated inflammatory bowel disease service quantitatively and qualitatively improves outcomes in less than 18 months: a prospective cohort study in a large metropolitan centre
V-A H Phan, D R van Langenberg, R Grafton, J M Andrews

Education in practice

143 Colorectal cancer patients: what do they die of?
M Riihimäki, H Thomsen, K Sundquist, K Hemminki

150 Abdominal pain and weight loss: an uncommon outcome to a common referral
N Selvapatt, J Hoare

Pancreato biliary

152 Endoscopic retrograde cholangio-pancreatography services can be accessible and of a high standard in a district general hospital
V Mitra, H Mitchison, D Nylander

157 The ERCP quality network benchmarking project: a preliminary comparison of practice in UK and USA
K W Oppong, J Romagnuolo, P B Cotton

Professional matters

162 Digital dictation and voice transcription software enhances outpatient clinic letter production: a crossover study
K Patel, M Harbord

166 Pelvic floor complaints in gastroenterology practice: results of a survey in The Netherlands
M P J Nicolai, H H Fidder, M D Bekker, H Putter, R C M Pelger, H W Elzevier

Cover image Colonic polyp, double contrast coloured barium x-ray. SOVEREIGN, ISM/SCIENCE PHOTO LIBRARY.
