

Highlights from this issue

93 UpFront
R M Beattie

Original research

95 Cost-benefits and environmental impact of the no-biopsy approach for the diagnosis of coeliac disease in adults
M G Shiha, N Nandi, A J Hutchinson, S A Raju, F W D Tai, L Elli, H A Penny, D S Sanders

99 Outcome of long-term biliary stenting for stones in the 2010s: beware the cholecystectomised!
J Ahmed, P Prakash, G Mehta, T Davies, Y Y Lim, N D Cross, M A Czajkowski, M C Allison

104 Developing a generic business case for an advanced chronic liver disease support service
M Wright, S Willmore, S Verma, A Omasta-Martin, H Sahota, W Prentice, A J Stockley, F Finlay, J Verne, B Hudson

110 Quality improvement project demonstrating a sustained increase in the assessment and sampling of ascites for hospitalised patients with cirrhosis
E L Herrle, M Thim, M S Buttarazzi, J Ptaschinski, V Molina, N Channell, L B Gordon

117 Tailoring follow-up endoscopy in patients with severe oesophagitis
R K Grant, W M Brindle, C L Taylor, E J Rycroft, O Oyewole, S C Morgan, E F Watson, A Anand, N C McAvoy, I D Penman, N I Church, K C Trimble, C L Noble, J N Plevris, G S M Masterton, R Kalla, on behalf of EGAR (Edinburgh GI Audit and Research) Collaborative

124 Novel, nurse-led early postdischarge clinic is associated with fewer readmissions and lower mortality following hospitalisation with decompensated cirrhosis
B Giles, K Fancey, K Gamble, Z Riaz, J K Dowman, A J Fowell, R J Aspinall

130 Inflammatory Bowel Disease Disability Index is a valid and reliable measure of disability in an English-speaking hospital practice and predicts long-term requirement for treatment escalation
D Storan, E McDermott, J Moloney, L Keenan, R Stack, J Sheridan, G Doherty, G Cullen, L McHugh, H E Mulcahy

Reviews

137 Stepping into nursing research: an introduction for gastroenterology and hepatology nurses
S Munnelly, S J Radford, P Datt, L Donnelly, A Fraser, E Gil-Zaragoza, K Jack, H Watson, T H Iqbal, S Sebastian, K Kemp

144 Chronic abdominal pain in inflammatory bowel disease: a practical guide
S Baillie, C Norton, S Saxena, R Pollok

Systematic review

154 What is the clinical significance of low serum amylase? Systematic review of the conditions associated with low serum amylase
M Jalal, S A Gbadegesin, N Tehami, K Nakajima

Cover image Colonic polyp, double contrast coloured barium x-ray. SOVEREIGN, ISM/ SCIENCE PHOTO LIBRARY.

This article has been chosen by the Editor to be of special interest or importance and is freely available online.

This article has been made freely available online under the BMJ Journals open access scheme. See <http://fg.bmj.com/site/about/guidelines.xhtml#open>

Education in practice

162 Nurse-led approach to standardising the management of iron-deficiency anaemia, achieving the 2-week cancer pathway targets and reducing hospital admissions: practicalities and learnings from a success story

OPEN ACCESS

P Reid, K Patterson, E McCulloch, L Walsh, A Murshid, W Kinsella, A Moore, T Skouras, P J Smith

Training matters

170 Significance and structure of clinical research in the UK: an introduction for gastroenterology and hepatology nurses

B J Olsen, K Kemp, R Campbell, S Kumar, L Monje-Garcia, S Sebastian, T H Iqbal, S J Radford

Images

174 Symptomatic duodenal metastasis from a small cell lung cancer primary: a rare case
P Armonis, J Leung, C Murray, A Murino

Inside view

177 Annular eruption with weight loss in a 47-year-old man
E Annabi, S Lalevée, T Bettuzzi, J Demortier, B Papouin, L De Mestier Du Bourg, E Sbidian, S Ingen-Housz-Oro

Electronic page

e2 Time to treat the climate and nature crisis as one indivisible global health emergency
C Zielinski, on behalf of the authorship group listed below
