

Question No.	Question Text	Mandatory	Answer choices	Free text option
1	Does your department use a validated risk assessment score (e.g. Blatchford / Rockall) when admitting patients with AUGIB?	Yes	Yes	Yes
2	Are all acute admissions offered an endoscopy within 24 hours of admission with a GI bleed?	Yes	Yes	No
3	Are all inpatients offered an endoscopy within 24 hours of having a GI bleed?	Yes	Yes	No
4	Do you have an AUGIB rota that offers endoscopy to unstable patients 24/7 if required?	Yes	Yes	No
5	Do you operate an ad hoc rota?	Yes	Yes	No
6	Do you have a formal agreement with another trust (trusts) to offer this service?	Yes	Yes	No
7	Do you have trainees on the rota as sole operators (i.e. do not require a consultant to come in from home as well) ?	Yes	Yes	No
8	Are any of your endoscopists on any other rotas (eg. general medical rotas) ?	Yes	Yes	No
9	Do you have an endoscopy nurse rota for AUGIB?	Yes	Yes	No
10	Do other nurses cross cover in case of an out of hours AUGIB?	Yes	Yes	No
11	Do you have interventional radiology (IR) on site?	Yes	Yes	No
12	Are you part of a network with appropriate patient pathways to provide out of hours interventional radiology?	Yes	Yes	No
13	If you can offer an OOH service but not a next day service, what stops you offering a next day OGD service for those bleeders who are stable?	No	No	Yes
14	If, since the March 2013 survey, you have introduced an OOH service for AUGIB patients, how did you achieve this?	No	No	Yes
15	Did the findings of the endoscopy survey undertaken in 2013 influence service development? If so how?	Yes	Yes	Yes
16	Do you have a surgical rota able to provide the surgery necessary in case of failure to control UGI haemorrhage by endoscopic or IR methods?	Yes	Yes	Yes
17	Are there any issues that you want to let us know about, which have not been covered in this survey?	No	No	Yes
